Curriculum/Program/Faulty Development – Key Projects**The University of Texas at El Paso****School of Nursing****CCNE Self-Study and Accreditation Visit**

- Was responsible for the development of the CCNE Self-Study for MSN and DNP areas of the report.
- Was responsible for graduate faculty preparation for CCNE Accreditation visit in April 2019.
- Was responsible for addressing concerns noted in the CCNE Report and writing response for graduate areas in May 2019.

Faculty Writing Group

- 2013-2014 Co-directed with Dr. Monsivais the Writing Group for 6 UTEP Faculty. We developed the Workshop with Dr. Kathleen Heinrich, facilitated the working meetings and participated in monthly telephone conferences with Dr. Heinrich. This workshop resulted in 6 faculty publications.

Faculty Mentoring

- Mentored the following faculty to teach in the DNP program (2011-2019):
 - Dr. Linda Lawson
 - Dr. Pat Duran
 - Dr. Hector Morales
 - Dr. Roxana Delgado
 - Dr. Holly Mata
 - Dr. Karim Singh
 - Dr. Jana Gainok
 - Dr. Lisa Hennessy
 - Dr. Christy Blanco
 - Dr. Kathi Reveles
 - Dr. Christina Paz
 - Dr. Hector Olvera
 - Dr. Elizabeth Portugal

Academic Partnership and Pearson

- Starting in 2013 worked with Academic Partnership (AP) Representatives to move NE and NSM programs to their model (use of coaches, 7-week format, and rolling admissions). Worked with Extended University (EU) personnel overseeing this. Meetings were held at UTEP once a week with EU and phone conference calls 1-2 times a month with AP. Worked to move all MSN courses to 7-week format, revised admission criteria for NE and NSM programs, worked to develop marketing material for EU to use, provided examples of 7-week scheduling to EU to use, provided material needed for DOE approvals in several states. After contract with AP was dissolved began working with Pearson to establish the same type of relationship as AP. Continued to meet with EU and work on program

changes, marketing material for EU website admission criteria and processes to allow NE and NSM students to enroll using rolling admissions.

Marketing MSN NE & NSM Programs

- In 2013 contacted course responsible 8th semester faculty to discuss possibility of the Directors and I talking to this class about UTEP SoN Graduate Programs. Suggested to class that while working to obtain necessary experience to apply to NP Programs they could obtain MSN in either MSN or NE and then apply as PMSN to NP program of choice after they had obtained necessary experience.

Research Strategic Plan

- Instrumental in providing the impetus for the formation of the original task force of 4 SoN faculty who focused on the development of a strategic research plan for the School of Nursing. This group met for over a year and a half and added two more members before completion of the final strategic research plan which was then approved by the School of Nursing Dean.

MSN Major Curriculum Revisions

- Led NP faculty through major curriculum revisions to separate NP concentrations from shared courses into individual, NP specific courses, add additional courses and revise existing courses to reflect changes in accreditation standards applicable to the NP concentrations.
- Worked with NP faculty to develop course content for new course in Human Development

Doctor of Nursing Practice (DNP)

- Revised and updated the DNP proposal and submitted for approval by the Texas Higher Education Coordinating Board (THECB).
- Developed and presented faculty workshops to prepare faculty for the required site visit from the THECB. Responsible for coordination of the THECB site visit for review of the proposed DNP.
- Revised and updated the DNP proposal to reflect recommendations from the site visitors and prepared the proposal for submission to the UT Regents. This included revision of degree plan to move from 7 semesters to 5 semesters, deleting 2 courses, addition of 5 courses and major revision of 4 courses.
- Prepared talking points and executive summary for Provost and President to use at UT Regents meeting.
- Developed a potential DNP student data base and providing information about the DNP to all inquiries.
- Recruited and admitted 8 students in 2011 for Cohort I class. All 8 students graduated on time.
- Obtained permission to increase Cohort II from 10 to 14 students and recruited and admitted 14 students to Cohort II, graduated 14 students
- Recruited and admitted 23 students to Cohort III, graduated 21 students
- Recruited and provided faculty orientation and ongoing faculty support for faculty teaching in DNP program.
- Developed and taught seven new DNP courses: NURS 6200, NURS 6190, Sp Topics- Stats for APRN's, NURS 6191, NURS 6360, NURS 6292 and NURS 6893

- Developed new courses which were taught by other faculty: NURS 6330, NURS 6338, NURS 6370, NURS 6380, and NURS 6470
- Major revisions made to courses I then taught: NURS 6320 and NURS 6340
- Implemented DNP information sessions for prospective students
- Implemented DNP Council for curriculum oversight of DNP program
- Prepared THECB Annual DNP reports for first 5 years. These reports were required to be submitted and Annually, were reviewed, and feedback provided so we could continue to admit students to the program.
- Prepared DNP Self-study for survey required by THECB. This onsite survey occurred over 2 days with 2 outside Nursing Reviewers. DNP program passed survey without any problems noted.
- Organized the first joint new student orientation for DNP and Interdisciplinary PhD programs.
- Organized the 1st Annual DNP Symposium – has continued to be held annually
- Organized the 1st Annual DNP Recognition Dinner – has continued to be held annually

MSN Self-Study

- Prepared Self-studies for Nurse Educator Program, Nursing Systems Management Program and all NP Program Concentrations for both PMSN and MSN. Self-study submitted along with report from last CCNE Accreditation visit. No issues noted by THECB.

Interdisciplinary Health Sciences PhD Program

- Developed and taught Qualitative I and II courses. Qualitative I is a basic qualitative research course. Qualitative II is advanced qualitative research course and included student completion of a qualitative pilot study.
- Major revisions to Proseminar I course: addition of major assignments to reflect doctoral level educational objectives. Added content regarding major health theories, concept analysis and professional presentation skills.
- Proseminar II course: addition of professional community members to share important information with students regarding interdisciplinary teamwork and consumers of health care using interdisciplinary teams.

Student Advising

2011 - 2014 Advisor for 45 DNP students

2009 - 2015 Advisor for 4 PhD students

New Mexico State University

Doctor of Nursing Practice (DNP)

- Chaired task force responsible for the development of DNP proposal - including curriculum design, development, obtaining university and state approval and implementation of this new doctoral degree. This degree involved the transition of three MSN program concentrations to the DNP. Developed PMH

DNP curriculum and led the team that developed the DNP core curriculum in accordance with standards from appropriate accreditation bodies.

Nursing PhD

- Developed and implemented two new online courses NURS 650, Behavioral Approaches and Determinants of Nursing and Health and NURS 607, Qualitative Methods in Nursing Research.

Graduate Psychiatric-Mental Health Nurse Practitioner/Clinical Nurse Specialist Program (Mental Health via Nursing Distance Education [MIND] Project)

- Project designed to address behavioral health needs for rural/underserved populations through education of advanced practice psychiatric-mental health nurse practitioners/clinical nurse specialists. Competencies for graduates included ability to provide therapy/counseling; work with co-morbidities related to alcohol and drug abuse, and medication management. Key aspect of the project was increasing access to nurses from rural/underserved areas that would allow them to remain in their home areas during the program and after graduation.
- Responsible for development and implementation of adult psychiatric-mental health nursing advanced practice curriculum that incorporated treatment of addictive disorders and preparation for practice as a clinical nurse specialist or nurse practitioner (both with prescriptive privileges). Responsible for implementing curriculum changes required to meet national new PMH nurse practitioner standards when the new standards were implemented.

Specific Curriculum Development:

- Community Mental Health Component
Role: Team leader
Coordinated development, implementation and evaluation of a 3-credit course taught using an intensive on campus and WebCT format. Course was designed to address competencies related to working with minority and underserved populations.
- Cultural Competence Component
Role: Co-Team leader
Collaborated with co- team leader to incorporate cultural competency development with PMH students using an attitude, knowledge, skills approach. Developed practicum Reporting forms to track student adaptations to reflect cultural competence.
- Addictions Component
Role: Developer of courses/faculty mentor
Developed two web-based addictions courses: Pharmacology of Addictions and Addictive Disorders. Mentored faculty assigned to teach courses.
- Didactic Psychiatric-Mental Health Content
Role: Lead curriculum designer/faculty mentor
Updated PMH curriculum to include a new course in psychopharmacology, added credits to clinical courses and modified course sequencing to promote simple to complex leveling of courses.
- Practicum Component
Role: Lead practicum coordinator
Revised clinical component (added clinical hours) to reflect new accreditation standards. Developed and provided preceptor training. Developed preceptors for program from New Mexico, Texas, Colorado, Arizona, Florida, New York, Oregon, Hawaii, North Carolina and California. Facilitated faculty developed student practicum logs to capture students increasing competence and the required data for certification and licensure requirements. Developed the Objective Simulation Clinical Evaluation (OSCE)

student/program assessment process including development of scenarios, evaluation techniques and logistical coordination for each semester in which there was a PMH practicum.

Developed and presented four-hour Preceptor Workshop based on adult learning pedagogy. This workshop provided preceptors with information on preceptor role responsibilities, student competencies, school of nursing policies and integration of cultural competence within PMH practice.

Student Recruitment, Advisement, Retention/Progression:

Recruitment

Role: Primary Responsibility

Worked with marketing specialist to develop student recruitment brochure and branding of project (MIND). Coordinated working with media specialist in development of web site. Conducted recruitment workshops throughout New Mexico and El Paso. Coordinated advertisements via radio, television, and print. Served as primary respondent to prospective student inquires.

Advisement

Role: Student Advisor

Advisor for over 100 students regarding degree plans and progression. Worked with university financial aid, registrar, distance education college, and provost to facilitate student acceptance and enrollment in MSN. Complete, validate, and submit student requests related to national certification examinations, state licensure, & health agency privileges. Dispersion of students from across the state and nation increased the complexity of the above tasks/activities.

Retention/Progression/Graduation

Role: Chair/Member of Comprehensive Orals Committee

Coordinated administration and evaluation of comprehensive examination (written and oral components) for all PMH students from 2006 to 2009.

Project Outcomes:

Student Admission, Progress, & Graduation

Role: PMH MSN Program Director

Student enrollment, progression, and graduation rates increased from 6 continuing and 8 new students in 2004 to 36 continuing and 38 new students in 2009. There were fifteen graduates in May 2008 and nineteen in May 2009.

National Board Certifications

Role: PMH MSN Director

All PMH graduates from 2004-2009 successfully completed the national certification examinations. Pass rate over 95%.

Program Sustainability

Role: Co-Advocate

With fellow School of Nursing faculty advocate worked through PMH Community Advisory Committee, local state senator, and NM Governor's Office to obtain recurring funding (\$325,000; \$325,000; \$410,000) for ongoing support of the PMH track during 2008, 2009 and 2010.

BSN Completion Project (2002-2003)

- Project directed towards increasing access to BSN completion education for Associate Degree nurses in rural/underserved areas of New Mexico.

Transition of RN to BSN Courses to Distance Education Format

Role: BSN Faculty Team Member

Led the team to develop program WebCT templates and design course assignments and content to reflect a 50% WebCT and 50% interactive television format for didactic classes for RN-BSN program. Innovative assignments included in-depth interviews of well elderly family or community members and creative presentations of the information obtained. Instituted student poster presentations to showcase RN-BSN students' final quality improvement projects.

APA and Plagiarism Module for BSN and MSN students (2005-2009)

- In response to ongoing faculty concerns related to students' inappropriate use of APA and apparently limited knowledge of key aspects of plagiarism I developed an instructive module.

Role: Developer/Presenter

Developed and presented APA and Plagiarism module. Module included pre/post tests, power point presentation, examples of APA format and ways to avoid plagiarism through use of proper citations and documentation. This Module was adapted for use by BSN, MSN and PhD Programs.

Student Advising

2006 - 2009	NMSU Exito Program- Mentored seven Hispanic pre- nursing students. This student Retention program was designed to support minority students during their first year on campus. All students I mentored progressed to the sophomore year.
2004 - 2009	Graduate Psychiatric-Mental Health Nursing Advisor Responsible for all aspects of advising to include: pre-admission, initial degree plan development and ongoing advising through graduation, and completion of certification application and advanced licensure documentation. Over 74 graduate advisees in December 2008. Pre- admission advising included my communicating with all individuals inquiring about graduate PMH nursing program and working with those students who applied for admission. A unique component of all advising activities was the national scope from which the program drew students which necessitated becoming familiar with the advanced practice licensure rules in over 13 states.
2002 -2004	Undergraduate student advising for 29 students
